

Critical Incident Management Policy

Introduction

Faughart Community National School aims to protect the well-being of its students and staff by providing a safe and nurturing environment at all times as outlined in our school's mission statement. The Board of Management, through the Principal, has drawn up a Critical Incident Management Plan as one element of the school's policies and plans. The policy was created in August 2018, reviewed in March 2021 and again in April 2022.

Review and Research

The Critical Incident Management Team (CIMT) have consulted resource documents available to schools on www.education.ie and www.nosp.ie including:

- *Responding to Critical Incidents Guidelines and Resources for Schools (NEPS 2016)*
- *Suicide Prevention in Schools: Best Practice Guidelines (IAS, National Suicide Review Group (2002))*
- *Suicide Prevention in the Community - A Practical Guide (HSE 2011)*
- *Well-Being in Post-Primary Schools Guidelines for Mental Health Promotion and Suicide Prevention (DES, DOH, HSE 2013)*
- *Well-Being in Primary Schools - Guidelines for Mental Health Promotion (DES, DOH, HSE 2015)*

Define what you mean by the term 'critical incident'

The staff and management of Faughart Community National School recognise a critical incident to be **"an incident or sequence of events that overwhelms the normal coping mechanism of the school"**. Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include :

- *The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death*
- *An intrusion into the school*
- *An accident involving members of the school community*
- *An accident/tragedy in the wider community*
- *Serious damage to the school building through fire, flood, vandalism, etc*
- *The disappearance of a member of the school community*

3 Level of Response

- ❖ *Response Level 1: Death of a student or staff member who was terminally ill; death of parent, sibling; fire or damage to school property.*
- ❖ *Response Level 2: Sudden death of a student or staff member.*

- ❖ *Response Level 3: Accident/Event involving a number of students; a violent death; incident with high media profile; an event that involves a number of schools.*

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to affect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Pre-opening supervision in the school yard / classroom
- Front gate locked during school hours
- School doors locked during class time
- Increased supervision during yard time and excursions
- Rules of the playground and designated areas of play assigned

Psychological safety

The management and staff of Faughart Community National School aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision.
- Staff have access to training for their role in SPHE
- Staff are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Books and resources on difficulties affecting the primary school student are available

- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety
- Staff are informed in the area of suicide awareness and some are trained in interventions for suicidal students
- The school has links with a range of external agencies – such as NEPS, CAMHS, HSE Primary Care Services, Rainbows
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circulars 0022/2010 (Primary) or 0023/2010 (Post-Primary)
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- There is a care system in place in the school using the "Continuum of Support" approach which is outlined in the NEPS documents published on 2007 for primary schools available on www.education.ie
- Students who are identified as being at risk are referred to the designated staff member (the Principal), concerns are explored, and the appropriate level of assistance and support is provided. This is set out through the Listen Protect, Connect, Model and Teach approach in helping students in time of crisis or emergency set out in R23 pg92-94 of **Responding to Critical Incidents 2016** by NEPS. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Staff are informed about how to access support for themselves.

Confidentiality and good name considerations

Management and staff of Faughart Community National School have a responsibility to protect the privacy and good name of people involved in any incident and will be sensitive to the consequences of public statements. Members of school staff will bear this in mind, and seek to ensure that students do so also, e.g. the term 'suicide' will not be used unless there is solid information that death was due to suicide, *and* that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.
